

ACCOUNTING (A.S.)+

CCV's Accounting program prepares you for entry-level positions in a variety of settings. It allows you to transfer to a bachelor's degree program or may be the first step in pursuing CPA licensure. In addition to taking courses in accounting, you will gain a broader knowledge of the business environment by studying technology, communication and management. If you are interested in Vermont's licensing requirements for accounting, visit www.vermont.gov for more information.

All associate degrees include completion of general education requirements which, together with program requirements, constitute a minimum of 60 credits. In some cases program requirements also fulfill general education requirements. *You may not use a single course to meet two general education requirements.*

Program Outcomes

Graduates of the Accounting program will be able to:

- identify, explain, and apply generally accepted accounting principles and managerial concepts upon which accounting is based;
- apply generally accepted accounting principles and managerial principles and concepts to specific accounting and reporting issues;
- identify agencies and organizations within the accounting profession established to evaluate and promulgate accounting principles;
- prepare accurate financial statements, schedules, and reports, and conduct appropriate analyses to determine financial impacts upon an organization;
- demonstrate academic skills required of all CCV graduates, including competency in writing, information literacy, oral communication, and quantitative reasoning; and
- explore pathways for educational and career development in the student's field of study.

The Accounting program is great for you if:

- you are currently working in or have interest in the field of bookkeeping or accounting;
- you are interested in gaining an understanding of economic and accounting principles and practices, the financial markets, banking, and the analysis and reporting of financial data;
- you want to gain skills you can apply immediately in the workplace; and
- you may be interested in pursuing a bachelor's degree in this field.

Key information and advice for students in the Accounting program:

- CCV's Accounting program prepares students for entry-level positions in a variety of business settings.
- This is a great program to prepare you for transfer to a bachelor's degree in Accounting.
