Program Outcomes

Graduates of the Administrative Management program will be able to:

- use information technology to create, edit, and format business documents including, but not limited to, reports, correspondence, and presentations;
- describe and discuss human resource management functions;
- demonstrate the ability to use financial functions to complete administrative management tasks including, but not limited to, budgets, journals, financial statements, and payroll documents;
- demonstrate academic skills required of all CCV graduates, including competency in writing, information literacy, oral communication, and quantitative reasoning; and
- explore pathways for educational and career development in the student's field of study.

The Administrative Management program is great for you if:

- you are currently working in or have interest in managing an office, supervising staff, or being an administrative or executive assistant;
- you have problem solving skills, can communicate effectively, are comfortable with technology, and enjoy administrative tasks;
- you want to gain skills you can apply immediately in the workplace; and
- you may be interested in pursuing a bachelor's degree in Human Resource Management.
