

GENERAL EDUCATION REQUIREMENTS FOR ASSOCIATE DEGREES

I. Core Competencies

1. First Semester Seminar: Dimensions Courses

The purpose of the First Semester Seminar at CCV is to assist new students in achieving success, understanding academic freedom and responsibilities, and developing core 21st century skills and knowledge for lifelong learning and active participation in a diverse community.

Courses Meeting Requirement:

Complete one of the following:

- INT 1050 - Dimensions of World
- INT 1060 - Dimensions of Freedom

or

- Approved waiver for transfer students with a full semester of successful equivalent college-level learning or approved transfer course.

2. Technological Literacy

This competency is satisfied by courses in which students use critical thinking to apply technological tools in the learning process and real-world scenarios. Completion of this requirement prepares students to function in a technologically evolving workplace and global community.

Courses Meeting Requirement:

Complete one of the following:

- CIS 1041 - Computer Applications
- CIS 1045 - Introduction to Multimedia Applications & Tools
- CIS 1100 - Introduction to Computer Science
- CIS 1151 - Website Development
- CIS 1322 - Word Processing
- CIS 1360 - Database Management Systems
- CIS 1410 - Intermediate Spreadsheets

or

- Approved transfer or upper-level CIS-designated course

3. Communication

Communication is essential in many aspects of our lives. Courses in this category focus on interpersonal communication skills and the effective verbal expression of ideas. Courses which fulfill this requirement also satisfy the Vermont State Colleges graduation standard in Oral Communication.

Courses Meeting Requirement:

Complete one of the following:

- ANT 2020 - Language, Culture & Communication
- CIS 2360 - Computer User Support

- COM 2360 - Conflict Resolution
- ENG 1070 - Effective Speaking
- PSY 2420 - Group Process: Theory & Practice

or

- Approved transfer course

4. English Composition

The ability to express oneself clearly and accurately in written form, develop a thesis, and support it with evidence drawn from appropriate sources of information are elements of strong writing skills. Through extensive practice, students learn strategies for organizing, evaluating, and revising their work and ultimately demonstrate proficiency in first-year college writing.

Courses Meeting Requirement:

- ENG 1061 - English Composition

or

- Approved transfer course

5. Mathematics

This competency is satisfied by courses in which the emphasis is on developing general quantitative understanding and using mathematics as a problem-solving tool in business, education, human services and other professional fields, as well as in everyday life. Completion of this requirement prepares students to think critically, and apply mathematical problem-solving skills to a variety of real-world problems.

Courses Meeting Requirement:

Complete one of the following:

- MAT 1030 - Applied Math Concepts
- MAT 1221 - Finite Math
- MAT 1230 - College Algebra
- MAT 1330 - Pre-Calculus Mathematics
- MAT 1531 - Calculus I
- MAT 2021 - Statistics I
- MAT 2532 - Calculus II

or

- Approved transfer course

Note:

The VSC graduation standard will be met by a quantitative reasoning assessment administered outside of college math courses.

6. Research & Writing Intensive

This competency is satisfied by a course that integrates all aspects of research writing within the context of other disciplinary approaches to writing. Students' work will culminate in a final paper that includes an implied or explicit thesis statement and integrates relevant source material from five or more credible sources using standard MLA or APA form.

Courses Meeting Requirement:

Complete one of the following:

- ENG 1020 - Introduction to Research Methods
- ENG 1062 - English Composition II
